## Owen Sound Juniors Tackle Local Team Here on Friday Night

## Seniors Will Get Into Action Against Elmira the First of Next Week---Other Hockey Gossip.

After a two weeks rest the local junior hockey team will get into action on Friday night with Owen Sound as the opposition, but despite the fact that the team has been in a game since the Pretech series Coach Carroll expects to have them in fine enough shape to win from the visitors by a comfortable margin for he believes that his team is capable of beating on their own ice, and is anxious that the juniors have as big a lead as possible for the return game. The weekly practices will be held to-night and the team will be in action three times to the numbers of both teams to be on hand at 8.45. When the juniors line-up against Owen Sound local fans will see no less than five oldsters on the line-up and this should guarantee the team a victory over the visitors in Khaki for this contest. Joe Smith, Jim Westland, and two other boys from the Mount Elgin district, and their good work has more than accounted for the two wins already secured. The team is now based here at Arbour, of Victoria Harb, looked upon as the best junior team in the district, and will be a real Pringle the local boy in the nets. Coach Carroll is a man of great confidence of victory, and expects the margin to be a

a couple of weeks ago they will go right through to the championship. Drury, McAvoy and one or two other can be compared with an international team, and it is probable that is the only team they need fear now and if they hold them to any kind of a game, they will be in a position to undoubtedly will win, they will easily overcome it in Fort Colborne, for that reason they are so anxious to beat before a home crowd.

The game that will just about decide the winners of the Toronto O. H. A. senior group will be staged at the Arbour, on Friday night, between the Riverdies, and, as expected, a large number of local hockey fans will be on hand to see the game. It is down to see it. Should Argo win, the team will be tied up, and another game will be played at the Arbour, if they should, for Riverdies are a bad shape now, being minus Noble and

Toronto, Feb. 28.—Toronto sports very sore over the reported quack diagnosis by President Quinn for the alleged use of a threat to Referee Cullen to get the Toronto team reinstated by the club on 7st, and as a result of this the Toronto team was given permission not to report for the game at the Arbour on his side of the matter is unknown. It is reported that there has been the slightest trouble. It is said that

The seniors will all get into action here about the first of next week and Elmira will be the opponent. The team has been practicing every day and they won the group championship, which was the reason for the second game. It looks like the team will win this time. Elmira came from behind to win the first game. The game was a close one and the seniors managed to get on an even score with the Preston team, but the seniors were not able to stand with the Preston team, and a score of 10 to 2, Elmira, is the result. The seniors were not able to win the O. H. game, but they show the same speed against Elmira as they showed in the first game. The seniors will play the second round. Coach Carroll felt that Elmira was tough opposition, but the seniors showed that they were not as strong as they seemed to be against them strong enough to win in

Port Colborne is now ready to go into the third round, for their win over Warton last evening by a 7 to 2 count won the round for them, and if they keep on playing the same brand of hockey that they dished up against

## THE OFFICE OF COMMISSIONER IN ENGLAND

Business Men Noted to Look After the Interests of Canadian Manufacturers.

### SIR G. PERLEY

Just Temporarily Appointed—Canada Not Getting the War Orders It Should.

Ottawa, Feb. 21.—Canada's representation at the heart of the Empire in these war times was the principal consideration of today's sitting of Parliament. It was a hard-headed, businesslike, conversational, cool, with little oratory and comparatively no political pyrotechnics. There were few preliminaries, and the speaker plunged into supply within an hour of opening prayers, and stayed at the house or less momentous job of considering and passing supply until a late hour of night.

In dealing with the vote for the High Commissioner's office in London Sir Wilfrid Laurier asked if it was the intention of the Government to make a permanent appointment to the post of Canadian High Commissioner.

Premier Borden expressed the view that the service of a member of the Government was particularly advantageous at this time. When Sir George Perley went to London it had been the intention that his occupancy of the High Commissioner's office should be of short duration, but the outbreak of war, it had been decided that it was better for him to remain. He had done much more strictly pertaining to the duties of the office. In June last, the Premier asked the House to appoint Sir George Perley as High Commissioner. The Secretary had expressed to him his appreciation of Sir George Perley's services and intimated that it would be better for him to continue in the post until the end of the war.

"Then it is not proposed to make a permanent appointment now?" asked Sir Wilfrid Laurier.

"No," replied the Premier.

NEED OF ORGANIZATION.

Mr. E. M. Macdonald called attention to the fact that business men in Canada were complaining of lack of proper organization at London to look after the Canadian interests. He stated that business men had stated to him that there was no good reason why so much Canadian money should be sent to the United States for war purposes. Much of this trade could have been sent to Canada, which would have been better for the Canadian people, and the country would have been better off.

Premier Borden went on to say that the United States had been very kind to Canada, and that the United States had been very kind to Canada.

"What for instance," observed Mr. Macdonald.

Sir Robert Borden said that he had been to the United States, and that he had been to the United States.

"What for instance," observed Mr. Macdonald.

Sir Robert Borden said that he had been to the United States, and that he had been to the United States.

civilized world, and they would continue to do so, there unless something were done by the Canadian Government.

Premier Borden replied that it was under the British authorities that the British authorities could do in making shells. Mr. Macdonald himself had not known.

Sir Robert—Oh, yes he did. Mr. Robert—He did, he knew more than the manufacturers themselves.

Mr. Macdonald—All the manufacturers knew.

Sir Robert—it was with the greatest difficulty that they were persuaded to undertake the making of shells.

The Premier gave figures to show that the cost of making shells was not too high. He said that the cost of making shells was not too high.

London, Feb. 22.—The Rotterdam correspondent of the Daily Mail telegraphs under yesterday's date:

Very heavy fighting is proceeding on the British front in Flanders, north and south of Ypres, in which the Germans are concentrating their attacks.

Troops continue to be sent from Ghent to be launched against the Ypres front. Large numbers of German wounded are arriving at Ghent and Bruges, and the hospitals are filled.

The British have made many fierce attacks with hand-grenades and bombs from trench mortars, and there has been occasional desperate fighting.

Some fighting has taken place at several points from the front to the north of Ypres. Unusually between aeroplanes and ground troops, the use of gas of considerable extent.

In the Lilla sector, south of the Scheldt, the Germans made preparations for an attack in considerable numbers.

On the 21st, the Germans were driven back by the French fire from carrying out the assault.

The front involved was very serious, and the Germans were driven back by the French fire.
